**LANDFILL HOURS**

The Willow Creek Landfill will be closed January 1st

January 2<sup>nd</sup> hours:

**RECYCLING SHED**

The Electronic and Bottle Recycling Shed has moved behind the Public Works Building.

Electronics can still be dropped off in the main section of the building.

Public Works recently added a partition wall with a chute for bottle donations. Please use the chute for your donations as we recently have had an issue with theft of the bottles you are donating. We are hoping the chute will eliminate this issue.

Thank you for your continued donation of bottles for the Fireworks Fund. The 2027 celebration will be great!

**SNOW REMOVAL**

Please be aware that snow blowers can not be used between 11pm and 7am due to noise. Review the Stavelly Community Standards Bylaw #858 for more information.

Public Works will also pick up your tree for the month of January if you leave it out for garbage pick-up.

**ARE YOU READY FOR AN EMERGENCY?**

Preparedness isn't one-size-fits-all. Consider your unique needs in your emergency plan. Planning and being prepared will reduce stress and make it easier for you to get to a safe place. Learn how to tailor an emergency plan that fits your needs at [alberta.ca/make-an-emergency-plan](https://alberta.ca/make-an-emergency-plan)

**WANTING TO GIVE BACK TO THE COMMUNITY?**

The Stavelly Fire Department is looking for volunteers from Stavelly and surrounding rural areas who want to give back to their community. No experience is required—training and equipment are provided. All that's needed is a willingness to learn, work as part of a team, and help others when it matters most.

Volunteering with the fire department is a rewarding way to build skills, support public safety, and make a real difference. Your time and dedication are valued, and volunteers are compensated for hours served at the end of each year.

Applications are available at the Town Office or by emailing [fire@stavelly.ca](mailto:fire@stavelly.ca)
