

Stavely Cemetery

A Place to Remember

Stavely Cemetery provides a peaceful setting for families and friends to visit, reflect, and celebrate the lives of loved ones.

Headstones

Upright Headstones must be installed on a concrete or granite foundation extending at least 50mm beyond the monument on all sides. The foundation must be a minimum of 50 mm thick and level with the surrounding ground.

Flat Headstones
The top surface of the headstone must be level with the ground.

Caskets

All casket burials must be placed in a concrete vault with a concrete lid. Vaults must be installed with the top of the vault a minimum of 1 metre below ground level. Casket burials are not permitted in plots where an urn has already been interred.

Cremains Urns

A maximum of four urns may be interred in a standard plot (1.2 m x 2.4 m). Urns must be buried with the top of the urn at least 24 inches (610 mm) below ground level.

Maintenance

The Stavely Odd Fellows are responsible for lawn mowing, hedge trimming, watering, and gopher control. Families are encouraged to maintain headstones; however, the Odd Fellows will make reasonable efforts to straighten and re-level monuments when possible.

GIS Mapping

The Town of Stavely provides a Geographic Information System (GIS) map on its website under the Stavely Cemetery tab. The map allows users to view the cemetery layout, locate loved ones, and identify reserved lots. Use the Search feature at the top of the map to find specific individuals. For assistance with the GIS map, please contact the Town Office at 403-549-3761.

Payment

Purchase of plots and excavation are separate fees but can all be paid at the Town Office.

Stavely Odd Fellows take payment for plots.

Cheques, or e-transfer can be accepted.

stavelyoddfellows@gmail.com

The Town of Stavely takes payment for opening & closing.

Debit, cheque, e-transfer and cash can be accepted.
